department is finally settled by the Legislative Council. It is therefore for consideration whether the estimate amounting to Rs 440/- for the acquisition of land for the construction of the Sub Inspector's quarters at Kuntwal should be taken in advance approved at present or whether the question may be taken up early in 1925-26 along with the estimate for the main work if funds are then allotted for it. The scheme comprises provision of quarters for a head mistress or Superintendent and for 4 Teachers at a cost of Rs.5,810 and Rs.16,180 respectively. As there is no information in thefile as to the pay of these officers, itis notpossible to examinethe cost with reference to the admissible outlay on the 10 per cent basis. The case may therefore be returned to Home (Education) who may berequested to examine the above point.

For the Government Training School for Mistresses, Mangalore, the Government have sanctioned one Supdt. on Rs.125 per mensem, 2 assistants on Rs.100 per mensem each, 2 on Rs.75-5-100 per mensem, 1 on Rs.60-2-70, one on 50-2-60, 1(75), 1(60), 1(50), 1(40), 1(30), 4(25), and 2(15), and 1(30), 1(25) and 1(20)- vide page 10 of G.O.No.471, dated 20-4-20.

2. It is proposed to construct quarters for the Superintendents at a cost of Rs.5,810. The pay of the Supdt. being Rs.125 plus Rs.25(temporary addition to pay) the permissible limit works out to Rs.3,272. In view of the high cost of building materials and labour it is for consideration whether the proposed quarters at a cost of Rs.5,810 may be accepted.

3. In regard to the quarters for teachers assuming that the 4 senior-most teachers are provided with quarters the permissible limit for quarters for 4 teachers comes to Rs.11,338. The proposal to construct quarters at Rs.16,180 may also be accepted for the reason mentioned in para.2 above. With the above remarks the file may be returned to Financial u.o.

Please see this Dept. note ~~on page 1 ante~~. Information was called for as regards the pay of the Superintendent and the 4 teachers for whom quarters are proposed to be built. The Law Dept. have furnished definite information only in respect of the Supdt. It will be seen from para.2 of their notes that the difference between the permissible outlay and the cost is very large and the increase over the limit is nearly 78 per cent. Evidently therefore the present increase in the prices of labour and materials cannot wholly account for the increased

cost. It is for orders whether the Law Dept. may be requested to consider whether the quarters may not be constructed according to design C.A.360/20. The cost will then be only Rs.4,045, i.e. Rs.772 in excess of the permissible limit.

2. As regards the 4 teachers the Law Dept. may be asked to obtain detailed particulars about their pay and also as to the necessity for the construction of quarters for them. Information may also be obtained as to whether full normal rent will be recovered from all the five officers.

A 3. The plans and estimates relating other portions of the scheme may be accepted. With a view to avoid ~~the~~ delay in the issue of orders in this case, Finance need not perhaps, object to an order issuing in the P.W.Dept. in regard to A above, pending consideration of the proposals for the construction of quarters for the Supdt. and the 4 teachers.
